

ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and after three months' use of them."—Mrs. S. A. Williams, R. F. D. No. 14, Box 30, Gardiner, Me.

No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial. Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

Do not worry over your GRAY HAIRS.

Hay's Hair Health

will restore them to their NATURAL COLOR, no matter how long the hair has been gray. You will be surprised how quickly the change is made, how permanent the result is; how luxuriant a growth and healthy a head of hair you will have. Thousands are proving it daily. IS NOT A LIE.

CONNECTICUT LEGISLATURE

Signers of License Applications Bill Passed—The Moving Picture Business—Seats for Motormen—Interesting to Dealers in Explosives.

Hartford, June 3.—The senate was called to order at 11:30 by President pro tem, Brooks. Prayer by Chaplain Countryman of the house.

Reports of Committees.
Labor—Referring substitute bill concerning deputy factory inspector to the committee on appropriations; so referred.

Military Affairs—Favorable on resolution authorizing the adjutant general to acquire land and to build rifle ranges and that it be referred to the committee on appropriations; so referred.

Moving Pictures.
The committee on public health and safety reported favorably on a bill concerning the use of moving pictures. The bill provides that no moving picture film more than ten inches in length shall be operated in any public building or place used for public assembly or entertainment, unless the moving pictures and all of the combustible films to be used therein are placed in an enclosure or house made of fireproof material, such enclosure or house to be constructed according to such requirements as may be issued by the state police. The state police are authorized to inspect moving picture machines. The bill provides for the licensing of those who use machines and the fee fixed at \$3. Calendar.

Signers of License Applications.
Senator Bradford moved that the senate reconsider its action on the bill concerning the sale of liquors. Motion carried. Senator Bradford.

then moved that the senate concur with the house in amending the bill. Senator Lattimer asked Senator Bradford if the amendment did not repeal the law passed at the last session which provided that a person could not sign for more than one applicant for a license.

Senator Bradford replied that that was the effect of the amendment. Senator Blakeslee said he felt two years ago when the bill was before the general assembly that it would not do any good. The law did not help the temperance people and it gave the others unnecessary trouble. He favored the amendment.

The house amendment was adopted and the bill as amended passed.

Expenses of Governor Lilley's Funeral.
The committee on appropriations reported favorably on the resolution appropriating \$4,137.99 to pay the expenses of Governor Lilley's funeral. Calendar.

Seats for Motormen.
Senator Bowen explained the favorable report of the committee on railroads concerning seats or stools for the use of motormen on cars.

Senator Blakeslee said that seats ought to be provided for motormen on closed vestibule cars, but it would be very difficult to have the seats on open cars. He offered an amendment that the matter be left with the railroad commissioners to determine whether seats shall be provided for motormen on open cars.

On the motion of Senator Middleton the amendment of Senator Blakes-

lee was tabled for printing in the journal. The bill was also tabled.

Relating to Motorboats.
The bill from the house concerning the use of mufflers of exhausts on motorboats was amended. The house amendment introduced by Mr. Whiton of New London was rejected. An amendment offered by Senator Luther amended section 1 by striking out the word "reasonable" in the description of the muffling of the noise of the explosion. Another amendment by Senator Luther strikes out section 5 which exempts boats owned in other states and engaged in interstate commerce. The bill as amended was passed. Adjourned to Tuesday.

THE HOUSE.
Mr. Scott of Plymouth called the house to order at 10:30 in the temporary absence of Speaker Banks. Prayer was offered by the Rev. Horace King of Enfield. House Chaplain Countryman was on the platform.

Interesting to Dealers in Explosives.
The following bill, passed by the house, will interest those who deal in explosives.

Section 1. Every person who, without permission of the owner or person in charge, shall enter upon any land used for the storage of gunpowder or other explosive shall be imprisoned not more than thirty days, or both; provided such land is completely enclosed by a fence at least five feet in height, and provided, also, that legible signs are posted at intervals of not more than three hundred feet along such fence, stating that trespass on such land is forbidden by law, and under the penalty provided by this act.

Sec. 2. The owner or person in charge of such land may arrest upon the premises any person violating this act and forthwith take him before proper authority for prosecution.

Transportation of School Children.
A bill providing that towns shall furnish transportation for all children between 7 and 16 years to attend school, where necessary, or forfeit the \$2.25 provided for each child by the state where an appeal is taken to the state board of education and that appeal is upheld, aroused some debate, but was passed.

About Jail-Breakers.
A bill was passed which reads: Every person who shall wilfully break any jail or borough lock-up, with intent to aid or procure the escape of himself or another lawfully confined therein, shall, upon conviction, be imprisoned in the county jail not more than one year.

Employment of Children.
An amendment to the present law and taking the place of the entire bill known as substitute for house bill No. 351, concerning the employment of children, was adopted, and the bill was passed. This provides that children under 16 shall not be employed in stores, shops, etc., unless they are proficient in certain studies. The amendment was offered by Mr. Brinsmade of Washington.

Adjourned until Tuesday.

Commuters to Celebrate.
Middletown commuters are preparing to celebrate within a few days the 15th anniversary of Albert J. Pruden as a member of the tribe. From Middletown to Hartford is 33 miles and Pruden has been pretty constant to the task through that long vista of years, having missed the train but once.

His figures he has traveled 173,250 miles, or about seven times the distance around the earth. His commuter's ticket during that period has cost him \$1,350. He will like to be commemorated for his one miles of the train when the Commuters' society fully understands the case. He was called back to the store to wait on a woman customer and while she was fumbling for the right change in her purse, the train snaked off.

Chance for Aldrich.
Senator Aldrich will be allowed to select his own route and name his own prices for a season of Chautauque lectures. This is quite in line with his experience in arranging tariff schedules for other people.—Philadelphia Press.

The sum of \$4,825 has been allocated by the French authorities for the new commercial attaché in the far east, who will have his headquarters in Peking or Tokio.

Business Directory OF EASTERN CONNECTICUT AND WESTERLY, R. I.

NORWICH FIRMS

GOOD NEWS

Ladies Everywhere

are glad to know of the wonderful benefit that Viburn-O-Gin has always been to sufferers of their sex.

Thousands of ladies spread the good news among their neighbors and friends.

Others write letters for publication, that suffering sisters, unknown to them, may learn about it in the newspapers.

So the good word goes on.

Viburn-O-Gin is a purely vegetable compound, containing no harmful properties, is actively specific in its curative action on the womanly organs and functions.

To young and old it is highly recommended for the treatment of all forms of female troubles.

Dr. Kruger's Viburn-O-Gin
